

# Soils Home Study Course

An Educational Program offered by University of Nebraska Cooperative Extension with support from Nebraska Agri-Business Association, Inc.

## 10 Soil & Water Fertility CEUs for CCAs This Home Study Course Counts As A CCA Course, Not Self-Study CEUs!

*(Tests must be successfully passed for CCA CEU Credits)*

- \* **The Soils Home Study Course will provide the information you need to:**
  - Better understand how soil fertility affects crop production.
  - Take more accurate soil samples.
  - Save money by applying nutrients when it's most cost effective & they are least apt to be lost.
  - Understand why recommendations from different labs vary and how to select the best recommendation for your management plan.
  - Select the best fertilizer suited for your needs.
- \* **Meets the needs of farmers, crop consultants, fertilizer dealers, farm managers & other persons making management decisions regarding soils & fertilizer use.**
- \* **This course addresses nitrogen management, soil pH, phosphorus, potassium, micro-nutrients, soil testing, fertilizer materials, & fertilizer recommendations.**
